Expansion plan of NFL

4086. SHRI SURESH KALMADI: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that the National Fertilizers Limited has decided to go in for an expansion plan for its Panipat Unit;

(b) if so, what is the estimated cost of the expansion plan; and

(c) what will be the additional product of urea per annum?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDUARDO FALEIRO): (a) to (c) The Board of Directors of National Fertilizers Limited (NFL) have, in principle, decided to expand their Panipat fertilizer plant to produce an adidtional 7.26 lakh MT of urea at an estimated cost of Rs. 1100 crores.

Import of urea by fertilizer units

4087. SHRI V. RAJAN CHELLAPPA: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) the names of fertilizer units allowed to import urea;

(b) whether any criteria has been fixed on the quantity of urea each unit is allowed to import; and

(c) if so, the details thereof and the quantum of urea imported till February, 1995 by the units during the last three years?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDUARDO FALEIRO): (a) to (c) In view of the

shortfall in the arrivals of imported urea during Kharif 1994, Government permitted three public sector fertilizer companies, namely, Madras Fertilizers Ltd. (MFL), National Fertilizers Limited (NFL) and Pyrites, Phosphates & Chemicals Limited (PPCL) to import limited quantities of urea during the year 1994-95 to supplement the efforts of MMTC, the designated canalising agency. Till March '95 these companies have not been able to import any urea. During the preceding three years, imports of urea were canalised through MMTC.

The predominant role of MMTC in the procurement of imported urea has been maintained in the current year. In addition, NFL, PPCL and State Trading Corporation (STC) have been inducted as co-canalising agencies. Manufacturers of complex-grade fertilizers have also been permitted to import urea for their captive consumption without any element of subsidy.
